The Rockingham-Harrisonburg IWLA chapter has been part of Rockingham County since 1948 and is responsible for the existence of Lake Shenandoah. With the cooperation of the VADGIF Lake Shenandoah was completed in 1956, and the Chapter has held an annual Fishing Rodeo at the lake every year since. The chapter has participated in the Virginia Save Our Streams (SOS) program which monitors surface water quality in Virginia. It has been shown that this type of water quality monitoring, when applied properly, helps identify at risk waters before they become catastrophically polluted. The Chapter also sponsors the Rockin Shots 4-H shooting team which in 2016 won the district championships and are traveling to the national competition.

Check payable to: R-H Chapter, IWLA
